## Automobili Lamborghini and Riva 1920 add to furniture range designed by Karim Rashid

*Sant'Agata Bolognese/Milan, 17 April 2018* - Automobili Lamborghini improves the collaboration with Riva 1920 and adds two new sideboards to the Authentic Living collection, designed by Karim Rashid. The new sideboards are presented at Salone del Mobile: **Incline** is designed for the living area, and **Rivar** for the office.

**Katia Bassi**, Chief Marketing Officer and Board Member of Automobili Lamborghini, says: *"Shared values such as design, technological research, craftsmanship and quality of materials make this partnership genuine, authentic and consistent."*

These new pieces join the collection launched last year, comprising of the **Klutch** chair, the **Speed** table, the **Dynamic** sofa, the **Klip** desk and the **Finesse** bookcase, now also available with a carbon fiber finish.

Each piece of furniture is characterized with shapes reflecting Lamborghini super sports cars design, as well as fine workmanship and the quality of natural and genuine materials, such as walnut, solid wood and black leather.

The result is a range of furniture inspired by Lamborghini, produced from a meeting of two brands linking excellence and passion and interpreted by Karim Rashid: the internationally-famous designer who perfectly embodies the *Informal Luxury* concept of the Automobili Lamborghini lifestyle.

### INKLINE - design KARIM RASHID

Sideboard in solid and multilayer wood, characterized by rounded sides and tops surrounding the six drawers, assembled with dovetail joints and equipped with shaped fronts that reflect the lines of the Finesse bookcase. A central open space divides the two rows of drawers.

Finishing: based on oil / natural wax of vegetable origin with pine extracts.

### RIVAR - design KARIM RASHID

Sideboard in solid and multilayer wood composed of two side doors and central drawers, characterized by sinuous and rounded lines recalling the shape of the Klip desk. Under the top there is a practical and functional open compartment.

Finishing: based on oil/natural wax of vegetable origin with pine extracts.
