Automobili Lamborghini at Cersaie 2021 with its architectural surfaces A Lamborghini Aventador S Roadster on display until October 1st at the bt-Space showroom in Fiorano Modenese

Sant'Agata Bolognese/ 28 September 2021- Automobili Lamborghini exhibits the Automobili Lamborghini Surfaces line of large-format mineral stone slabs at Cersaie and FuoriSalone within the exhibition space of the SITI B&T Group, bt-SPACE in Fiorano Modenese, Modena.

Launched in February 2020, Automobili Lamborghini Surfaces Idylium line, produced by Best Surface, is aimed at the world of luxury living. The range currently comprises 12 slabs and six countertops, inspired by the design and performance of Lamborghini super sports cars. The architectural surfaces' bold and elegant lines blend perfectly with the mineral stone composition, creating architectural surfaces with excellent technical-mechanical properties, the result of years of research and the technological partnership between Idylium and SITI B&T Group.

The two organisations, each excellent in their respective fields, have again collaborated to create a product that identifies with an exclusive, personalized and refined lifestyle, transforming the material into a work of art.

Cersaie runs from 27 September 2021 until 1 October.
