

Lamborghini Nantes: the marque's sixth destination in France

The new showroom brings together the fully hybridized line-up and unmistakable Italian flair

Sant'Agata Bolognese/Nantes, 24 September 2026 – Automobili Lamborghini has officially opened Lamborghini Nantes, extending its presence to western France and bringing the world of the Sant'Agata Bolognese brand closer to customers in the region. Operated by Lecluse Automobiles, the new space becomes the brand's sixth French destination, offering clients a dedicated space to discover its current model range and the extensive possibilities of the Ad Personam personalization program. Stephan Winkelmann, Chairman and CEO of Automobili Lamborghini, joined representatives of Lecluse Automobiles and guests for the official opening, where the complete hybridized line-up was on display. Among the models presented was the Urus SE Performante¹, introduced last July at the Goodwood Festival of Speed and now showcased in Nantes.

France is one of the company's key European markets, with Nantes establishing a new point of reference for clients in the west of the country. Alongside the existing dealerships in Paris, Lyon, Cannes, Mulhouse and Bordeaux, this destination brings the French network to six locations and creates new opportunities to develop the brand and its customer community in the region.

"France has a strong and passionate Lamborghini community and bringing the brand closer to our customers remains an important part of our strategy," said Stephan Winkelmann, Chairman and CEO of Automobili Lamborghini. *"With Lamborghini Nantes and our partner Lecluse Automobiles, we are extending the highest standards of service and customer experience to France's western region. This opening also comes at an exciting moment for us, with a fully hybridized model range that brings together the performance and driving emotion expected from a Lamborghini with advanced technology and the unmistakable Italian character that has defined Lamborghini since 1963."*

Located in the north of Nantes, the 338 sq m showroom has been conceived as a contemporary expression of Lamborghini's unmistakable design language and brand identity. The dedicated Ad Personam area forms an integral part of the customer experience, bringing the brand's personalization philosophy to life. Clients can explore an extensive selection of colours, materials and finishes, while the configurator allows them to visualize their individual Lamborghini and shape a configuration reflecting their personal tastes, supported throughout the process by the dealership team.

Lamborghini Nantes is operated by Lecluse Automobiles, a French automotive group that bases its success on a long-term vision, respect for the heritage of the brands it represents, and a commitment to building lasting relationships with its customers. Through the dealership, the group will offer a personalized experience and dedicated support throughout their ownership journey.

"We are extremely proud to open the doors of Lamborghini Nantes and to represent the brand in western France," said David Perridy, General Manager of Lamborghini Nantes. *"Our goal is to create a place where clients can experience the world of Lamborghini in all its dimensions: from discovering its extraordinary cars and the possibilities offered by Ad Personam, to receiving the personal attention and service that define the*

ownership experience. We look forward to welcoming our guests and building a passionate Lamborghini community in the region.”

The inauguration brought guests together for an evening celebrating the debut of Lamborghini Nantes. At the heart of the showroom were the Urus SE Performante, Temerario² and Revuelto³, showcasing the breadth of Lamborghini’s current product portfolio from the Super SUV to its latest generation of super sports cars. Outside, an Urus SE⁴ and a second Temerario completed the display.

Lamborghini Nantes becomes part of the company’s global network of 188 dealerships across 57 countries, supporting its commitment to delivering a distinctive brand and ownership experience around the world.

Company information

Founded in 1963 in Sant’Agata Bolognese, near Bologna, Automobili Lamborghini is one of the world’s leading names in luxury super sports cars, defining the future of the segment through uncompromising performance, design and emotion. Rooted in a 100% Italian identity and supported by a global community driven by passion, craftsmanship and people, the company combines technological innovation with authentic racing DNA, with motorsport serving as both a strategic laboratory and a core expression of the brand.

From iconic models such as the Miura, Countach, Diablo and Aventador to limited editions including the Sesto Elemento and Fenomeno⁵, Lamborghini has consistently created lasting value through rarity, personalisation and craftsmanship. Today, its fully hybrid line-up is structured around three main model families: Revuelto, the first HPEV with a V12 engine; Urus SE, the first plug-in hybrid Super SUV; and Temerario, the benchmark V8 HPEV in its category. From each family come the most extreme versions, such as Urus SE Performante, an authentic expression of the brand and its most performance-oriented soul, and Revuelto SV⁶, the latest evolution of Lamborghini’s V12 Super Veloce lineage, combining enhanced performance, racing-inspired technologies, and an even more engaging driving experience.

With over 3,000 employees and a network of 188 dealers in 57 countries, Automobili Lamborghini continues to grow responsibly through long-term vision, innovation and sustainability.

² Temerario (WLTP): Energy consumption (weighted combined): 6,4-4,3 kWh/100 km plus 11,2-10,3 l/100km; CO2 emissions (weighted combined): 272-252 g/km; CO2 class (weighted combined): G; CO2 class with discharged battery: G; Fuel consumption with discharged battery (combined): 14 l/100km

³ Revuelto (WLTP): Energy consumption (weighted combined): 4,7 kWh/100 Km plus 15 l/100km; CO2 emissions (weighted combined): 350 g/km; CO2 class (weighted combined): G; CO2 class with discharged battery: G; Fuel consumption with discharged battery (combined): 17,9 l/100km

⁴ Urus SE (WLTP): Energy consumption (weighted combined): 21,4 kWh/100 Km plus 5,71 l/100km; CO2 emissions (weighted combined): 140 g/km; CO2 class (weighted combined): E; CO2 class with discharged battery: G; Fuel consumption with discharged battery (combined): 12,9 l/100km

Additional product information

REVUELTO

The Revuelto, Lamborghini's first V12 High Performance Electrified Vehicle (HPEV), represents a new paradigm in the world of super sports cars, combining the iconic naturally aspirated V12 engine with a cutting-edge plug-in hybrid system. As part of Lamborghini's electrified lineup, it sets new standards in performance, driving dynamics and technological innovation. The powertrain combines a 6.5-litre V12 engine with three electric motors and a high specific power lithium-ion battery, delivering a total output of 1,015 CV.

REVUELTO SV

The Revuelto SV is the high-performance evolution of Lamborghini's first V12 HPEV, combining the naturally aspirated 6.5-litre V12 engine and three electric motors with an improved battery to deliver a higher total output of 1,065 CV and 1,425 Nm of system torque. Its performance is enhanced by new aerodynamic solutions generating approximately 80 % more downforce than the Revuelto, motorsport-derived manually adjustable dampers and a new CCM-R Plus carbon-ceramic braking system. The Revuelto SV also introduces the new Pilota driving mode, derived directly from Lamborghini's GT3 racing experience, for an even more direct and engaging driving experience.

TEMERARIO

The Temerario, an authentic "Fuoriclasse", redefines the concept of the super sports car, combining extreme performance with a new generation of hybrid technology. At its core lies an all-new 4.0-litre twin-turbo V8 engine paired with three electric motors, delivering a total output of over 920 CV and enabling the engine to reach an exceptional 10,000rpm, an unprecedented benchmark in its segment.

URUS SE

The Urus SE represents a new benchmark in the Super SUV segment, combining Lamborghini's signature performance with advanced hybrid technology. It is powered by a 4.0-litre twin-turbo V8 engine paired with an electric motor and a 25.9 kWh lithium-ion battery, delivering a total output of 800 CV and 950 Nm of torque.

URUS SE PERFORMANTE

Urus SE Performante is the high-performance expression of the plug-in hybrid Super SUV, setting a new benchmark in its category for performance, driving dynamics and aerodynamic efficiency. Equipped with a 4.0-litre twin-turbo V8 paired with a permanent-magnet electric motor, it delivers

Media Information

the highest system output in the model's history, with 812 CV (597 kW) and 1,000 Nm of torque, placing it at the top of its segment.
