

evoPOWER 1 Slip Shin Guard

Style Number: 030468 15

Materials: SAS-TEC foam, TPU, Lycra, Silicon, Rubber bladder with perimeter balance technology [PBT]

The evoPOWER 1 Slip Guards are inspired by and geared for the critical moment of impact during a game. The result is a technical two piece design, featuring a SAS-TEC foam shell and Lycra Compression Sleeve with integrated ACTV athletic tape.

The shell is made from high impact resistant SAS-TEC foam, a flexible lightweight foam with a memory effect that means the material returns to its original shape after impact. The Lycra compression sleeve features integrated PUMA PWR ACTV athletic tape that works with the human body to help maximise performance and provide players with a faster, more effective energy supply to the active muscles. These technologies combine to help increase natural power and give players more confidence on the pitch.
